# DPW – Energy Management

## Spring and Summer TIPS

- Improve comfort with fans instead of air conditioners (A/C is the biggest energy consumer)
- Set A/C to 85 degrees F and still maintain comfort
- Open your windows for 5 to 15 minutes per day to ventilate
- Mobility:
  - Walk, bike, take a bus, or carpool when possible
  - Drive your car or motorbike wisely and maintain it
  - Go easy on the brakes and gas pedal
  - Do not idle
  - Keep tires properly inflated and aligned

# DPW – Bulk Waste Recycling

- Material not identifiable as an item and not serviceable.
- Wood, pallets, scrap metal, bulk paper etc.

What you have to do:

- Place a service order for a bin DSN 381-8798/8797.
- Request DD Form 1348-1-A from PBO (scrap metal).
- **EMD POC** inspects material and conditions.
- Approve placement of a bin and provide fill/turn-in instructions to unit POC.
- **Unit POC** supervises filling operation, ensures proper segregation and contamination of bulk waste and notifies EMD POC for pickup.
- **Roads and Grounds** transports the roll-off container.
- **Unit POC** will accompany R&G to DRMO to sign appropriate documents.
- **Note:** Contaminated and rejected bins will be returned to the unit for sorting.

Attention!  
Roll off  
containers are  
limited supplies.  
Please use them  
for a minimum  
amount of time

# DPW – Housing Information

-11 to 14 Yrs old	2300 - 0500
-15 to 17 Yrs old	2400 - 0500
- **Pet droppings** must be immediately picked-up and properly disposed off. Pet waste stations are installed in each area for pet owners to utilize.
- **Quiet Hours** are from 2200-0700 including weekends and holidays.
- **Bulk Trash Pick-Up** – bulk trash may be placed on the curb of your building on **Sunday evening between 1800-2200**. No hazardous materials, paints, glass, flammable/corrosive liquids, batteries, or any objects that may cause injury.
- **No grilling**, storing charcoal or grills, and propane stove on balconies. Fuel bottles may be stored next to buildings and must be emptied before winter season. Residents may grill in ground areas that are least 30 feet away from any building and that do not constitute a menace to others.

# DPW – Housing Information

- **Swimming pools** or installation of pools is not authorized in the common areas of the army family housing.
- ✓ Small, very shallow wading pools are authorized with written approval from the garrison housing office, provided:
  - a. The responsible adult must be at the pool at all times while water is in the pool.
  - b. The pool is emptied and stored out of reach of children after each use.
- **Air Conditioners (max 1500 watts)** are authorized as long as they are the portable type (sits on the floor) and installed per web site instruction.
- **Window Air Conditioners are not authorized** as they result in a safety hazard. Residents who install window air conditioners will be directed to remove them.

# DPW – Housing Information

## Air Conditioners

**These types of air conditioning units are prohibited!!!!**

# DPW – Housing Information

---

## **Privately-owned shade/shelter structures may be erected in common areas of housing areas under the following conditions:**

- Structures may be left in place for 7 consecutive calendar days only. After 7 days the structure must be completely disassembled and stored.
- Disassembling and re-erecting the structure during or after the 7-day period and re-erecting it a day or so later or moving it to another location is not within the intent of the policy and is not authorized.
- Structures will be properly secured to ensure stability of the structure to preclude injury to anyone in the vicinity of the structure.
- The area in and around any structures must be kept clean and free of trash and debris.

**Shade/shelter structures** = tents, canopies, umbrellas, awnings, trampolines and similar structures

**Common areas** = open grounds areas in the front, back, sides and between buildings that are shared by all residents

- ❑ **2010 Scholarship for Military Children** – A total of seven (7) “scholarship” application were received and submitted to the Scholarship Manager at Cherry Hill, New Jersey. During the final certification process, Scholarship Managers will notify recipient of their selection. Results will be posted on the scholarship web site at [www.militaryscholar.org](http://www.militaryscholar.org) on or about May 15, 2010.

- ❑ **“Vacuum-packed products”**

What is this different looking meat package?; Why does the meat look “darker”?

**What is the slight off odor associated with vacuum-packed products?**

**~ A: There may be a slight odor that will dissipate once you open the package and removed the meat and in no way indicates anything negative. It is created by lactic acid, a natural acid present in all meat, but intensified because of the vacuum package. This acid is a natural bacterium which acts as a tenderizer for the meat as well.**

Is the meat different from what we used to buy in European commissaries in the traditional pack?

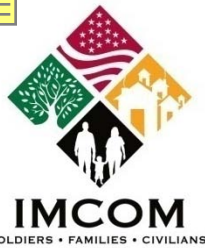

What are the benefits of this package?; Why did DeCA decide to use it?

Please feel free to take one of our brochures, Understanding Vacuum Packed Meats

- ❑ **Upcoming holiday:** Memorial Day, Monday, May 31<sup>st</sup>. Your commissary will be open for normal operations. Early Bird hours: 0830-1000 and normal hours: 1000-2000
